Monthly Giving Plan

Because every child has a right to dream.

At The Special Foundation, we believe that transforming Africa starts with educating her children and you can be part of that transformation, one month at a time.

Our Monthly Giving Plan is a simple, powerful way to create lasting impact. With a fixed monthly donation, automatically debited, you'll help sustain scholarships and life-changing programs for underprivileged children across Nigeria.

Your monthly support helps to:

- Fund school fees & learning materials
- Provide mentorship & leadership training
- Equip children with real-life skills through workshops

No amount is too small. Every gift helps us build a future where no child is left behind.

School Build Program

Many schools lack the infrastructure needed for effective learning. Research shows that most public schools fall short of the recommended standards for safe, supportive learning environments.

Our School Build Program tackles this by constructing and renovating resilient educational facilities, helping students thrive in spaces designed for growth. Schools are selected through trusted partner referrals. So far, we've improved 15 schools, impacting over 7,500 students.

Each project is backed by an average budget of **N20,000,000 - N30,000,000** dependent on the extend of the intervention.

Cost per project: **N20,000,000 ($15,000) - N30,000,000 ($22,500)**

Sponsor a Child's Education

JOIN US TO MAKE A DIFFERENCE

With as little as N100,000 ($75), we could give a child access to safe and quality education for a term. A scholarship of N300,000 ($225) will cover the cost of tuition, books, lunch, and stationery for a year.

Frequently Asked Questions

THE SPECIAL FOUNDATION

1. Can sponsors meet the children they sponsor?

Yes. Physical meetings can be arranged through The Special Foundation to ensure both safety and meaningful engagement.

2. How do you select scholarship beneficiaries?

We receive nominations directly from our partner schools. They identify children most in need. We undertake a thorough screening process. Priority is always given to children from low-income households or marginalized communities, especially those at risk of dropping out.

3. Is the Inspire Scholarship for public or private school students? Why is the cost N300,000 ($225) per session?

The Inspire Scholarship supports children in carefully vetted low-to-mid-tier private schools, where consistent learning environments, smaller class sizes, and better resources are available. The N300,000 ($225) per session (N100,000 ($75) per term) covers tuition, uniforms, supplies, exam fees, mentorship, and extracurricular development, ensuring holistic support.

4. Can partners support a specific child or program?

Yes. Partners may choose to sponsor individual children, fund School Build projects, or support Mentorship initiatives. We provide tailored opportunities and regular updates to show the direct impact of your support.

5. How do you ensure transparency and accountability with donor funds?

Transparency is central to our mission. All donations are tracked and reported. Partners receive periodic financial updates, detailed impact reports, and opportunities for direct engagement, such as school visits or beneficiary updates.

6. How can corporate partners get involved beyond funding?

Corporate partners can engage through employee volunteering, skill-based mentorship, joint campaigns, and strategic collaborations that extend impact beyond financial contributions.

7. What long-term outcomes does The Special Foundation aim to achieve?

Our goal is to equip children from underserved communities with education, confidence, and leadership skills, transforming their futures and building stronger, more resilient communities by 2030.

8. What is monthly giving?

Monthly giving means your support comes in every month, providing steady help that children can count on. It allows us to plan and expand programs that open doors to education. You can even set it up once through your bank app, and your gift will be sent automatically each month.
